

NIKHITA SHANKAR

Bay Area, CA | +1 (447) 902 6109 | nikhita.shankar2411@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Data-driven analyst and engineer with 5+ years of experience and a Master's in Business Analytics, Data Science & Engineering, building SQL and Python data pipelines, cloud data warehouses, executive dashboards, and A/B tests across fintech, pharma, manufacturing, and energy. Skilled in Snowflake, BigQuery, dbt, Airflow, Power BI, Tableau, and Hex to turn ambiguous business questions into trusted data products.

CORE SKILLS

Analytics & Experimentation: SQL, Python, R, A/B testing (MDE, sample sizing, bootstrapping), statistical modeling, root cause analysis
Data Engineering & Cloud: dbt, Airflow, Snowflake, BigQuery, Microsoft Fabric, Azure Data Factory, AWS/S3, SparkSQL, PySpark, ETL/ELT
BI, AI & Automation: Power BI, Tableau, Hex, Sigma, IBM Cognos, Power Apps, Streamlit, Generative AI & LLM evaluation, Git

PROFESSIONAL EXPERIENCE

Data Engineer

Obvience

Sep 2025 - Present

Remote, United States

- Built SQL and Microsoft Fabric pipelines across 5+ finance, manufacturing, and operations sources, lifting reporting accuracy 30%.
- Automated null, freshness, and reconciliation checks across 20+ tables in SQL and Python, saving 10-12 QA hours weekly.
- Standardized metric definitions and data lineage with operations leads in SQL, reducing repeat data questions about 40%.
- Built Power BI views for OEE, yield, scrap, and labor across 7 areas, helping 20+ users act on daily performance.

Data Analyst II

Hyperplane (FinTech, acquired by Nubank)

May 2023 - May 2024

Remote, India

- Designed 12+ end-to-end A/B tests in Hex and SQL, using MDE and bootstrapped sample sizing to validate a 4.2% lift in user conversion.
- Modeled customer, transaction, and product events with BigQuery SQL and SparkSQL into reusable marts across 3 fintech products.
- Defined governed schemas and metric rules with 15+ stakeholders, standardizing product reporting across 3 teams.
- Built Python and Airflow pipelines over 10M+ event records, cutting analysis prep time 15% for product analytics.

Business Analyst & Engineer

ExxonMobil

Aug 2020 - Apr 2023

Bangalore, India

- Engineered SQL pipelines reconciling 6M+ SAP and Salesforce records in Snowflake, protecting \$1M+ in monthly reporting at under 0.01% error.
- Rebuilt SQL transformations behind 9 pricing and contract reports, supporting 150+ users and \$8.5M in cost savings over five years.
- Unified customer, pricing, and model data in SQL, surfacing revenue gaps that generated \$2M for commercial teams.
- Built a Power Apps and Power BI pricing solution to close competitor insight gaps, driving \$2.18M in monthly profit.
- Replaced weak cross-sell targeting with a Python recommendation system in production, lifting conversion 20% and retention 15%.

EDUCATION

University of Illinois Urbana-Champaign

Master of Science in Business Analytics, Data Science & Engineering - GPA: 3.96/4.00

Aug 2024 - May 2025

Champaign, Illinois

Relevant coursework: statistical modeling, experimental design, and machine learning with scikit-learn

R V College of Engineering

Bachelor of Engineering in Computer Science and Engineering

Aug 2016 - Sep 2020

Bangalore, India

PROJECTS

Data Engineer

Revenue Intelligence Platform

2026

University of Illinois Urbana-Champaign

Snowflake, dbt, Sigma, Python, SQL

- Built an end-to-end Snowflake and dbt pipeline transforming raw usage and revenue signals into 8 governed analytics marts.
- Added dbt tests and freshness checks across the pipeline, then built a Sigma dashboard surfacing churn and expansion signals.

Data Scientist

First48 Product Success Predictor

2026

First Place Globally, Zerve x HackerEarth AI Hackathon

Python, scikit-learn, Streamlit

- Engineered first-48-hour behavior features and tuned a scikit-learn Random Forest, achieving 0.98 ROC-AUC for success prediction.
- Translated model scores into user segments and actions in Streamlit, winning first place globally at Zerve x HackerEarth.

ACHIEVEMENTS & CERTIFICATIONS

- First Place globally, Zerve x HackerEarth AI Hackathon; Second Place, ODSC AI Datathon, Boston
- AWS Certified Cloud Practitioner - [Verified Credential](#)
- Beta Gamma Sigma Honor Society; ExxonMobil Bright Beginner, Top Performer, and Quarterly Recognition Awards
